

Nanette Lockwood, JD, PE
Global Director, Policy and Advocacy
Ingersoll Rand

Nanette Lockwood is the global director of Policy and Advocacy for the Center for Energy Efficiency and Sustainability at Ingersoll Rand. In this role, Lockwood is responsible for leading global advocacy efforts for climate and energy storage-related policies for Ingersoll Rand. She also leads the company's U.S. and international efforts on refrigerant policies and is actively involved in the United Nations Framework Convention on Climate Change and Montreal Protocol processes. She has been with Ingersoll Rand for 6 years and has significantly contributed to Ingersoll Rand's leadership in the climate arena, globally.

She has more than 15 years of state and national codes, standards and policy advocacy experience with increasing responsibility in the energy and building sectors. Prior areas of focus include environmental consulting, government affairs, and natural disaster resistant building codes and standards.

Lockwood is a Florida registered professional environmental engineer with bachelor's and master's degrees in mechanical and environmental engineering from the University of South Florida. She also holds a Juris Doctorate from Concord Law School and a master's degree in environmental law and policy from Vermont Law School.
